President: T.Subramanyam,M.P.
Joint Convenor: Mari Swamaiah, Katada Pateel,
Member, A.I.C.C. Narayanadevarakere.
Bellary District.

The Sub-Committee appointed by the District Congress Committee, Bellary (for Tungabhadra Project Problems).

To

The Honourable Minister for Land Revenue,
Government of Madras.
Madras.

Honoured Sir,

Memorandum submitted by Shri I.B.Ananthachariar, Advocate and Member of the Committee, Hospet.

In continuation of our Memorandum submitted to you on 28th January 1953, we beg to invite your kind attention to the following urgent matters amongst many others:-

I. Your kind attention is drawn to G.O.Ms.No.1500 dated 8th December 1952 which makes a harmful distinction between the residential and non-residential buildings in the matter of granting enhanced ex-gratia. ---- is urgent as awards are being passed day after day and any change in the award would involve long delay and legal difficulties. Our submiss is that the distinction should disappear and same enhanced ex-gratia should be available for all buildings (including te Mosques, etc).

II. Old building materials have been permitted to be purchased for the construction of new buildings in the new Rehabilitation centres at 25% of the cost and this has been confined again to "Residential Buildings". It excludes all non-residential buildings. This distinction is unjust and ought to go. The concession may kindly be made available to all. The town of Narayanadevarakere is to be vacated by the month of April and the necessary and useful building materials shall have to be transported at the earliest time Therefore, the matter is urgent and needs your earliest kind

III. The people of the submersible area have been compelled to lose all their old jobs, trades, ... Their sacrifice is great and no amount of any compensation can be just and adequate and fulfill the lost jobs and business. As a matter of sympathy and to retrieve this to some extent their lost business, special consideration may be shown in the matter of contracts, bus-service, lorry service and other Government and quasi-Government undertakings.

IV Lastly, the award regarding lands and houses may not at all be fair and proper. Just The price of 1941 to be the basis of the award is highly problematical. There may be ..... low assessment of the value in many cases. 1953 It is urged that the Government will be pleased to allow ex-gratia in all cases where the value has been questioned in a court of law. The refusal to grant ex-gratia may not be legal and constitutional and rejection of ex-gratia in such cases may be questioned as discrimination against some.

We hope and trust that early favourable orders will be passed.

We remain,
Yours faithfully,

By Amarajan
Maribswamaiah Malada Patel

[C.No. 18074 H/53]

Tungabhadra Project – Rehabilitation of displaced families – Certain amenities – Request

CF From Sri T. Subramaniyam M.P, petn dated 22-2-53

To AS

Please see the petition on ppl-2 cf and the minutes of M(LR) on p1 cf.

This Department is concerned with the request II on p1 cf. The request is that the concession shown in the removal of essential parts of residential buildings should be extended to non-residential buildings also and that no discrimination should be made between the residential and non-residential buildings. In the case of non-residential buildings, the owners of such buildings are permitted to remove the essential materials of their buildings ~~freely~~ subject to the payment of 50% of the actual value of such material in the case of owners getting a basic Compensation of Rs 200 or less and 75% of the actual value in the case of those getting a basic Compensation of more than Rs 200. ~~However, it would appear that same concessions cannot be granted shown for residential and non-residential buildings alike.~~ No action would seem therefore called for on this Regn. The file may be transferred to P.W.D. for taking further action with regard to the other Requests.

To A.S.

The case has been sent to this deptt. with reference to the requests in paras I, III and IV on pp 1-2 of.

A Copy of the petition has already been received separately with Rev. No. 18820 H/53-1 dated 19.3.53 and necessary action taken in the matter. The request in para 1 on p. 1 of, viz. extending the concession of granting additional ex-gratia payment in respect of non-residential buildings, was carefully examined by Govt. recently and it was decided that no reconsideration of the orders issued in G.O. No. 5000 Pro. dated 5.12.52 was necessary.

The question of payment of ex-gratia Amount in cases of reference to court requested in para III on p. 2 of was considered in all aspects earlier and it was decided that no revision of the existing orders in force was necessary.

An extract of para III on p. 2 of was communicated to the CE&S, S.O.T.P and the Collr. of Bellary for necessary action. This position in regard to the requests in paras I and IV was noted in the Rev. file referred to at 'A' above and it was returned to Rev in this deptt. No. 27083 M/53-2 d/8.5.53.

With these remarks the case may be passed on to Home.

In the matter of grant of stage carriages and public carrier permits. As the transport authorities are quasi judicial bodies the Govt. cannot issue instructions or directions which would fetter their discretion. These displaced persons can apply to the Concerned Regional Transport Authorities when applications are called for and can take their chance along with others for permits. It may be mentioned that the public interest is the primary consideration in the matter of grant of these permits.

What about the prayer in regard to contracts etc? JM/30.5.53

A.S.'s query above:-

An extract of para III on p. 2 of may perhaps be communicated to the T for such action as he considers is necessary. A draft Memo. is submitted for approval.

SJ 30/5/53

JTS 30/5/53

The existing policy of the Govt. is that all articles required by jails, borstals schools, certified schools and vigilance institutions should be purchased from cooperative societies or stores, unless the societies or stores are unable to supply them. Articles which the cooperative societies or stores are not able to supply, should be purchased according to the "open tender syste

prescribed in article 125 of the M.F.C., Vol. I

Pp 42-62
Ink. No. 34

Such of the articles required by the gaids etc and which the Cooperative Societies & Stores are unable to supply are few in number like tubriber etc. Even in respect of these articles it is always open to the displaced persons of the Tungabadhra subject to tender rates to the authorities concerned when tenders are called for the supply of articles Therefore there does not seem to be any need to show preferential treatment to these displaced persons
